BOARD CERTIFIED ORTHODONTISTS

COVID-19 (Coronavirus) POLICY UPDATE as of March 16, 2020:

In accordance with the recommendations of the Oklahoma Dental Association (ODA) and American Dental Association (ADA), all elective dental procedures are to be **postponed for the next three weeks**. Since orthodontic treatment is considered an elective dental procedure, Owasso Orthodontics will be following this recommendation. Emergency appointments will be handled as necessary. Please call our office if you have any emergency needs and we will schedule an appointment for you to see one of the doctors.

We sincerely appreciate your help in supporting these changes. We will stay updated with ODA and ADA guidelines as they are continually evaluating the situation as new information becomes available. We will be calling to reschedule your appointments for the near future.

Thank you,

Dr. Housley & Dr. Dobson
